

## TCM Forklift Parts

TCM Forklift Parts - Forklift trucks are an important player in the material handling field of each global trade. Transporting industrial goods occurs every day on our industrious world. Primarily innovated as industrial vehicles during the 1930s in the U.S., forklifts gained recognition after WWII in the 1940s. Becoming an efficient and reliable means to material handling solutions, the practicality and need of these equipment spread internationally.

In the year 1949, founded by Mr. N. Niwa, the first Toyo Carrier Manufacturing Company Limited, which was later named Toyo Umpanki Co, was established. Currently the company is simply called TCM Corporation. Throughout the years, TCM lift trucks have become a global leader in forklift manufacturing and have built a solid reputation in the business. TCM started constructing lift truck manufacturing locations outside of Japan in the 1980s and is now engaged in forklift manufacturer at three foreign factories in the United States, Europe and China.

TCM proudly makes various models of industrial lift trucks with more than 50 years of accumulated expertise and technology, making their products used and recognized all around the world. Characterized by strong initiatives and energetic staff, TCM continues to look toward the future and aims to become a world-class leading business.
